

## **Guidance on speaking to parents/carers regarding homophobic, biphobic or transphobic teaching**

### **Explain what we do**

In our school we take well being seriously. We have to take steps to ensure as a school we fulfil moral and legal obligations to all our pupils. This includes addressing all areas of difference including gender.

### **Explain the law**

To reflect on government legislation, the education and inspections act and the equality act we have a duty to promote equality and acceptance of all regardless of race, disability, faith, gender or sexual orientation.

### **Link to school ethos**

In this school we want to create a culture of respect for all and acceptance. We want to prepare our children for life in Modern Britain.
